RE: EIS FOR COAL EXPORT TERMINAL
LONGVIEW, WA

Sept 25TH, 2013

DEPT. OF ECOLOGY
U.S. ARMY CORPS OF ENGINEERS
COWLITZ COUNTY COMMISSION

TO THE DEPARTMENTS LISTED ABOVE:

I AM A HEALTH CARE PROFESSIONAL WHO WORKS IN CHENEY, WA AND RESIDES IN SPOKANE, WA. FOR NUMEROUS REASONS, I AM OPPOSED TO THE PLAN TO STRIP MINE COAL, RAIL IT THROUGH OUR COMMUNITIES, AND BUILD AN ENORMOUS EXPORT TERMINAL IN LONGVIEW, WA.

MY NUMBER ONE REASON FOR OPPOSING THIS PLAN IS THE BIG NEGATIVE AFFECT THAT COAL BURNING HAS ON THE CLIMATE WE ARE ALL FIGHTING TO STABILIZE. ON A SMALLER SCALE, I BELIEVE THE LOCAL POLLUTION AND CONGESTION WOULD BE UNBEARABLE.

I HAVE NO DOUBTS THAT EASTERN WASHINGTON UNIVERSITY, THE LOCAL COMMUNITY OF CHENEY, AND OUR COMMUNITY IN SPOKANE WOULD BE SEVERELY IMPACTED. THE COAL WILL DIRTY OUR AIR AND WATER AND THE TRAINS WILL CLOG UP OUR COMMUTING.

PLEASE CONSIDER ALL OF THESE ISSUES INTO THE REQUIRED EIS.

THANK YOU SINCERELY,

LOLA K. FREDERICK
