Be responsible citizens and keep Spokane's air clean, ~~and~~ our waters pure, and our people healthy. There are ways to create situations ~~that~~ in which everyone wins. Find those ways and you will be great.

Do this and you will be a coward and atheif, robbing from generations to come and leaving a mess of a world for your grandchildren to clean up.

Say no! Stand up! And Protect Spokane for generations to come!

Rachael Fairbanks

Spokane resident & voter
