To Whom It May Concern,

Unable to attend the hearing in Spokane last week I am writing to express my complete opposition to the proposed coal train through Spokane AND the export of the atmosphere distrupting 'raw material' coal.

We know our actions influence our environment and that emissions from burning coal have tremendous negative impacts on the future habitability of our planet!

Please allow sanity to overcome GREED. Do not push hours + hours of coal carrying trains through spokane and across the Pacific.

Sincerely,
Carrie S. Anderson
