PLEASE SHARE YOUR COMMENTS BELOW:

I have been examining these issues for years and concluded that a coal export in Longview, WA is a bad idea. We are already increasing our jobs here through cleaner industries and other businesses.

A coal terminal only benefits a few people but will bring pollution, traffic congestion, and many risks to this population.

(comment continued) I have seen how big corporations exploit communities and abandon them. They promise much and deliver waste, debt, etc. We can do better!
