Colonel and Mrs. Donald K. Joder USAF/Ret  
1405 Prairie Avenue Apt 126  
Cheyenne, Wyoming 82009

To whom it may concern:

Colonel and Mrs. Joder are absolutely in favor of the proposal to open the coal mines in Gillette Wyoming and ship said coal to Seattle Washington. We are also in favor of ignoring any threats from the Federal Government re: EPA rules, regulations, and prohibitions. If the Federal Government withholds funds because of this action, it would be prudent for the state of Wyoming to tap its "Rainy Day Fund" to cover temporary financial loss. We thank you for giving us this opportunity to express our support for your project.

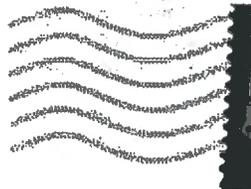

Sincerely,

  
Donald K. Joder
