Subject: [EXTERNAL] Millennium Bulk Terminals Longview, LLC; NWS-2010-1225.

Comment on Section 404 Rivers & Harbors Act, Section 10 to:
U.S. Army Corps of Engineers
Regulatory Branch, CENWS-OD-RG
Attn: Danette Guy

Please Support the “no action” alternative of the DEIS, urge the Corps to deny the project’s Clean Water Act Section 404 and Rivers and Harbors Act Section 10 permits.

Millennium has failed to demonstrate that it can prevent coal and coal dust from entering the Columbia River, both at the project site and en route to the terminal.

The project also flies in the face of our region’s commitment to combat the devastating impacts of climate change. Millennium’s oversized ambitions to rebrand the Pacific Northwest the coal export capital of the United States conflict with the public interest in thriving local economies, clean water, clean energy, and healthy communities.

Thank you for your consideration,

Emily Herbert
