Dear Ms. Gaines,

I am writing in regards to a U.S. Army Corps of Engineers Notice (Reference # NWS-2010-1225), which was received by this office that discusses the construction of a shipping terminal to handle coal at Columbia River mile 63, in Cowlitz County, near Longview, Washington.

I have no objection to the above mentioned work. However, to ensure the safety of the boating public I am going to require that PATON be installed to mark this terminal via the Coast Guard Private Aid to Navigation (PATON) program. The definition of a Private [marine] Aid to Navigation (PATON) can be found at <http://www.uscg.mil/d13/dpw/paton.asp>.

If you have any questions, contact my representative, Mr. Timothy Westcott, at (206) 220-7285 or [d13-pf-paton@uscg.mil](mailto:d13-pf-paton@uscg.mil).

Sincerely,

Handwritten signature of Michele Schallip in black ink.
