Statement 1:

Dear Cowlitz County and Washington Department of Ecology,

I support a comprehensive environmental review of the proposed Millennium Bulk Terminal in Longview and want to underscore my strong support for the approval of this project. The Millennium terminal will ensure Washington can maintain and grow its trade infrastructure. Greenlighting this terminal would increase our ability to ship products abroad to growing markets, thereby spurring greater investments at home. Washington has long depended on trade and exports as a vital part of our economy, directly and indirectly creating nearly 40 percent of all of our state's jobs. Ushering in developments like Millennium Bulk Terminals – now thoroughly reviewed and vetted – will provide critical economic opportunities for local communities throughout Washington. Now that a thorough review is complete, I strongly urge final approval of Millennium Bulk Terminal.

Statement 2:

Dear Cowlitz County and Washington Department of Ecology,

I want to voice my support for the proposed Millennium Bulk export facility in Longview. I want to commend you for such an in-depth environmental review. With this exhaustive review, I am confident that the project will meet Washington's already high environmental standards. However, we must also keep in mind our economy and the livelihoods of our citizens. The Millennium terminal will positively impact Washington for years to come. Additionally, the tax revenues from the project will support projects and services for the state's citizens. The project also offers an opportunity to expand our ports, ensure that jobs are created and preserved, stimulate growth in the local and regional economy. Thank you for considering my comment.
