As the proud Uncle of 4 nephews & 1 niece (all in WA state), I am writing out of concern re: the proposed Millennium (Coal-Export) Bulk Terminal in <sup>Cowlitz County</sup> Longview, WA. The degree-of-risk presented by the <sup>substantial</sup> resulting raise in proven Greenhouse Gas Emissions is simply UNACCEPTABLE. I support the "NO ACTION" alternative on this potentially deadly project.

(comment continued) (additional space is provided on the back)

We need to <sup>get our</sup> priorities straight, & move towards <sup>much-</sup>clear(er) <sup>sustainable/</sup>renewable energy sources, & away from filthy fossil fuel dependency.

— I was recently among the 52 protesters arrested up in Skagit County for blocking the B.N.S.F. R.R. tracks into the SHELL/ TESORO Refineries, as part of the <sup>inter-</sup>national "Break-Free from Fossil Fuels" Actions.

... If this coal-export terminal goes thru (~~DESPITE~~ the Public's outcry against it) I promise you that resisters will be back to gum-up the works!
