- The choice is not jobs + poison against the environment. We can have clean jobs. Longview deserves a better choice.
- coal is on the way out - why the Longview's future to a dying industry?
- Corporations always overstate the jobs they will bring. Don't be deceived.
- Say that Longview might prosper from this —

should all the towns on the rail lines suffer to allow that? Should the Columbia Gorge and the ocean be poisoned to allow that? Do we owe Hongren that much? I don't think so. I wish the best for it, but not at such a price.

- Stay on the right side of history - reject this coal terminal via the "reduction" option.

PS you must be as sick of these hearings as we are. Let's end this and all stay home.
