PLEASE SHARE YOUR COMMENTS BELOW:

- 1) I do not support the increased use of coal for energy - it should be left in the ground for emergency use and resources should go towards cleaner energy generation.
- 2) The transport of coal to the proposed millennium bulk terminal puts the environment + human health at risk - noise + air + water pollution, use of land for storage + transport - all could very negatively + irreparably damage our local + regional area. Pollutants + dust in air, water + soil
