I am against the Longview coal port because - I live

① I live in Spokane, wa and this # of trains would decrease the number of agriculture trains going to ports - this would adversely affect the economy of the Farmers -

② no new jobs in Spokane but a decrease in farm jobs

③ I have asthma and live within 2 miles of the main track line & the additional coal dust will cause me and other pulmonary & heart patients great difficulty -

(additional space is provided on the back)

(comment continued)

- 4) coal dust will affect all farmers but organic farmers will lose their organic certification because of coal dust - which includes lead - arsenic - etc
- 5) trains that are over a mile long will block crossings preventing ambulances, fire and police to cross the valley - we have already had 1 death because an ambulance could not arrive on time -
- 6) The coal trains are to be given priority over AMTRAC & agriculture -
- 7) The coal company has already demonstrated that they do not intend to mediate their bad environmental practices - leaving the tax payer to pick up the bill -

JUST SAY NO TO BIG COAL!!
