I Fully support the addition of another railroad. It will create lots of good jobs and produce vast amounts of revenue for the state. It will allow for easier transport of various goods to and from Longview, expanding trade for the area; as we learn from economics, expanded trade provides a venue for the economy to thrive and expand. It will also vastly decrease the number of semi-trucks on our state's highways, something I would be most grateful to see. For these reasons, I am pro-railroad.
