

**Environmental Action Comment Language:**

TO: US Army Corps of Engineers, WA Dept. of Ecology and Cowlitz County:

RE: Millennium Bulk Terminals Draft Environmental Impact Statement (EIS)

I call on you to support the “no action” alternative, and to reject Millennium’s proposed coal export terminal. This project would harm our climate, air and water quality, with the most intense impacts felt by residents of Longview, WA and surrounding towns. To save our climate and communities, we must keep more than 80% of fossil fuels in the ground and finance a just transition to 100% clean energy by 2050. Those goals are incommensurate with new coal export terminals like Longview.
