My concern is about the long term effects of global warming. This project is a smaller piece of that puzzle. While I appreciate the concern for family wage jobs, we cannot afford to allow more coal burning into the atmosphere. I have been to China where children have never seen the sun because of coal burning. The impact of this plant extends far beyond local issues (although the impact of more train traffic through Longview & Vancouver cannot be discounted) My granddaughters

(additional space is provided on the back)
