Hello, I am an old grandmother, who has been hospitalized over 17 times, for bronchial & respiratory distress. I have moved from asthma to a diagnosis of COPD, as I have watched a few generations come on to the Earth now, I have noticed more & more asthma sickness. Any rise in atmospheric pollution, can make me & my children, & grandchildren sick. That is what I see coming with these coal trains, from the diesel dust & coal debris, & air pollution flooding

back from China, after they burn
it up! (and make their children
sick, too). Please, for this, & so many
other reasons, **STOP THESE COAST
TRAINS & TERMINALS**, before they
even start!!!
