- Plants and Animals
- Marine Species, Fish, or Fisheries
- Wetlands or Streams
- Water Quality
- Other Natural Environment Topic

#### EIS Process

- Alternatives
- EIS Regulatory Process
- Other EIS Process Topic

## PLEASE SHARE YOUR COMMENTS BELOW:

When I moved to this area 25 yrs. ago I discovered through a Medical person that this area was the most polluted (air quality) in all of Washington State. To accept a coal terminal here is the wrong direction by far. It would impact the health of people and wildlife in the area, through pollution of the air and water not to mention the havoc it would create for transportation locally. We may want more jobs here, but we can find healthy jobs to bring here. That is the legacy I'd like for ~~our~~ our children & future citizens!
