

**COAL EXPORTS ARE UNSAFE,
UNFAIR, AND HURT US ALL.**

Foreign coal companies like Ambre Energy hope to make big profits by shipping coal to Asia, and bringing 16 loud and dangerous coal trains through our community every day. This plan would cut off emergency responders from the neighborhoods they serve and clog daily commute traffic for hours.

**NOW'S THE TIME TO ADD YOUR VOICE.
SAY NO TO COAL TRAINS.**

Dear Army Corps, Department of Ecology, and Cowlitz County Commission:

I believe that Cowlitz can do better than dirty and disruptive coal exports from Millennium's proposed coal export terminal in Longview. This proposal would hurt my community by increasing traffic, delaying emergency response vehicles, harming our families' health, and damaging existing businesses. I strongly urge you to consider these threats in the scope of the Environmental Impact Statement.

YES! I WILL ATTEND THE PRE-HEARING WORKSHOP

I CAN'T ATTEND THE WORKSHOP BUT I'LL BE AT THE HEARING

Please protect Northwest families by studying all the threats of coal exports.

Please say no to coal because:

The Pacific Northwest is known for its beauty. The Columbia River is too precious to risk the filth of coal. The people of Longview need a clean, safe place to live. Coal is not consistent with a healthy life or a healthy economy.

Please say "No"!
