no coal export

Dear U.S. Army Corps of Engineers, WA Department of Ecology, and Cowlitz County,

I strongly oppose the construction of a coal export terminal at Longview, WA which would transport coal on trains and ships throughout the Northwest. This proposal would negatively affect my community by increasing congestion and noise with more coal train traffic, polluting our air and local waterways, harming existing businesses, and delaying emergency responders. It would also damage aquatic ecosystems and fishing areas on the Columbia River, increase tanker traffic and the potential for shipping accidents and spills, expand strip-mining in Wyoming and Montana, and escalate climate change. I urge you to consider these impacts in the scope of the Environmental Impact Statement.

My name is DONNA CODY
first name last name

My address is 5003 SE 34 AVE

I'm concerned that we contribute to dirtying
the air and water on Earth by
exporting coal to Asia, or anywhere.

Please study the impact of that many more train
cars in the Columbia River drainage
area

Thank you Donna Cody
