no coal export

Dear U.S. Army Corps of Engineers, WA Department of Ecology, and Cowlitz County,

I strongly oppose the construction of a coal export terminal at Longview, WA which would transport coal on trains and ships throughout the Northwest. This proposal would negatively affect my community by increasing congestion and noise with more coal train traffic, polluting our air and local waterways, harming existing businesses, and delaying emergency responders. It would also damage aquatic ecosystems and fishing areas on the Columbia River, increase tanker traffic and the potential for shipping accidents and spills, expand strip-mining in Wyoming and Montana, and escalate climate change. I urge you to consider these impacts in the scope of the Environmental Impact Statement.

My name is Marilee Dea
first name last name

My address is 4613 NE Killingsworth #2
street

I'm concerned that coal dust with heavy metals
will pollute our rivers, towns
along the rivers & rail lines, gardens,
workers & children causing lead poisoning,
Asthma, COPD, & eventually CO₂ world wide.
Please study the impact of _____

Health impacts of coal, diesel dust
& world wide CO₂ increase & detritat

Thank you Marilee Dea
