- Alternatives
 EIS Regulatory Process
 Other EIS Process Topic

PLEASE SHARE YOUR COMMENTS BELOW:

I am unconvinced this project is even necessary. WHY ???
The ramifications to human health, the environment the
Quality of ~~the~~ life for all inhabitants now & in the future.
It is not worth the risks and should not be considered.
We keep taking and taking from our environment for our
own benefit and greed. When will it stop? is it necessary?
Will it cause/aid in the destruction? Please close the door
on this project.
