I am very concerned about the negative effects the increase of RR traffic (locomotive) diesel fumes will have on the I-5 + LONGVIEW/KELSO air sheds. I see a significant decrease in air quality to the point it will be unhealthy on a on going basis + fatal for some of the residents suffering from respiratory diseases. I am also concerned about the many negative effects it will have on local communities + residents and the local environment.

Arthur Berkeyer
LONGVIEW, WA.
