I have serious asthma + constant tracheal bronchitis. Living in Longview is already difficult for me. The effect of the coal will greatly affect my health + quality of life. My husband has been trying for 3 years to get a job, but he is much more concerned about my health than whether he is able to get a job. We live on Social Security, so we desperately need for him to find a job. What if I were your child, sister, mother, etc. ?
