The many waters can not be  
~~abused~~<sup>abused</sup> by the transport of coal -  
We have just begun to bring back  
the last waters with removal of  
dams etc. We will be going backward  
to let the many trains of coal  
go through our area. Do not - Do not  
give to the coal train. If we destroy  
our area send it to China - we loose  
the distribution of our water land.

(additional space is provided on the back)

No coal Train
