

PUBLIC SCOPING MEETING COMMENT FORM

Please submit your comments on the Millennium Bulk Terminals – Longview Environmental Impact Statement by November 18, 2013 in order to ensure your comment is included in the scoping summary report. Comments can also be submitted online at <http://www.millenniumbulkeiswa.gov>.

To whom would you like to address your comments?

- All Agencies (NEPA and SEPA)
 US Army Corps of Engineers (NEPA)
 Cowlitz County and the Washington State Department of Ecology (SEPA)

Does your comment relate to one of the following areas?

Human Environment

- Noise
 Air Quality
 Human Health
 Transportation
 Other Human Environment Topic

Natural Environment

- Plants and Animals
 Marine Species, Fish, or Fisheries
 Wetlands or Streams
 Water Quality
 Other Natural Environment Topic

EIS Process

- Alternatives
 EIS Regulatory Process
 Other EIS Process Topic

PLEASE SHARE YOUR COMMENTS BELOW:

Please conduct ~~an~~ extensive EIS for coal export. I live near the railroad track in Steilacoom. I am very concerned about coal emissions ^{for my health & the health of all in the community} & increased diesel emissions from increased coal train traffic. I urge you to not allow ^{new} coal export terminals. Very long coal trains will be noisy, will cause traffic congestion at intersections, perhaps reduce the value of homes & businesses adjacent to the train tracks. "No" to coal export - use our time & efforts to promote clean energy jobs for Washington state citizens. Coal trains passing near Puget Sound waters will pollute our marine ecosystem. The fishing industry is important to Washington State economy.

including the movement of coal in Montana, et al as well as the transport of coal - all the way to Asia

(additional space is provided on the back)
