Re: Millennium Bulk Terminal Longview Project, Longview, WA

Dear Ms. Guy:

I am writing to offer Longview Switching Company's (LSC) support of the Millennium Bulk Terminal (MBT) Project located in Longview, WA.

LSC will be responsible for transporting coal to the proposed new Millennium Bulk Terminal. We have reviewed this project and are confident we can safely transport coal into the Millennium Bulk Terminal. The project has been designed to meet all state and federal standards, and will have significant positive impact on the regional economy in both the short and long term.

We need projects like the Millennium Bulk Terminal project to move forward to bolster our economy and take advantage of the strong transportation infrastructure. We urge U.S. Army Corps of Engineers to follow established regulatory policies and guidelines to move forward and issue final permits.

Sincerely,

A handwritten signature in blue ink that reads "Sarah W. Bailiff". The signature is written in a cursive, flowing style.

Sarah W. Bailiff
President Longview Switching Company
