Proposed Millennium Bulk Terminals-Longview EIS
c/o ICF International
710 Second Avenue, Suite 550
Seattle, WA 98104

98104175425

November 18, 2013

I am a San Juan County resident; a property owner, and business owner/operator of 30 years.

The economy of San Juan County relies upon the beauty of the islands, the clean water and beaches, as well as the presence of the resident Orcas. The whales rely on the pristine marine environment.

I am concerned about the potential impacts from the proposed Millennium Bulk Terminals at Longview to the economy of San Juan County.

Please thoroughly study the following:

What would be the adverse impacts including the increased risk of a major oil spill from the increased barge associated with the propulsion fueling operations required by the proposed Millennium coal export terminal's cargo vessels?

What would be the loss of property values and what would be the loss of tourism dollars, real estate sales, and housing construction related tax revenue from a major oil spill in San Juan County?

How would increased vessel traffic affect our resident Orcas?

Thank you for your attention to my concerns.
