

**COAL EXPORTS ARE UNSAFE,
UNFAIR, AND HURT US ALL.**

Foreign coal companies like Ambre Energy hope to make big profits by shipping coal to Asia, and bringing 16 loud and dangerous coal trains through our community every day. This plan would cut off emergency responders from the neighborhoods they serve and clog daily commute traffic for hours.

**WE CAN DO BETTER.
TOGETHER WE CAN POWER
PAST COAL EXPORTS.**

POWER PAST COAL
communities against coal export

**NOW'S THE TIME TO ADD YOUR VOICE.
SAY NO TO COAL TRAINS.**

**Please protect Northwest families by studying all
the threats of coal exports.**

Dear Army Corps, Department of Ecology, and Cowlitz
County Commission:

Please say no to coal because:

I believe that Cowlitz can do better than dirty and
disruptive coal exports from Millennium's proposed
coal export terminal in Longview. This proposal would
hurt my community by increasing traffic, delaying
emergency response vehicles, harming our families'
health, and damaging existing businesses. I strongly
urge you to consider these threats in the scope of the
Environmental Impact Statement.

Dirty & disruptive export
increased traffic
health issues
