| <input type="checkbox"/> Vessel Transportation | <input type="checkbox"/> Marine Species, Fish, or Fisheries | <input type="checkbox"/> Other topic |

PLEASE SHARE YOUR COMMENTS BELOW:

Please check NASA's website to see the current climate trends. If that does not compel you to do everything in your power to limit fossil fuel emissions, then there is little hope for my kids to reach the next century with a hospitable climate. Burning fossil fuels, including coal, emits greenhouse gasses. TRANSPORTING fossil fuels even contributes to climate change. This export facility must be rejected. Please wake up!
