Please don't continue to transport untarped coal through our community and the nearby communities. - Keep it from the river. I'm a gardener & vegan - our local farms along the route will be destroyed - my grandchildren live here - I worry about their health now - they will have a small chance of a future here if this continues. How can this endeavor provide good jobs to people who are too sick to work?

NO ON COAL EXPORTS (additional space is provided on the back)

we are already the largest port - we don't need this!
